

SOLIDARITY ENGINEERING

**CORPORATE
SPONSORSHIP
PROGRAM**

FY 2024

ENGINEERING FOR GOOD.

OUR MISSION IS TO PROVIDE
COMMUNITY-DRIVEN, PUBLIC
HEALTH-BASED ENGINEERING
FOR PEOPLE IN CRISIS.

We know our environment directly impacts our health. Changing climates affect everyone, and some are disproportionately affected more than others. Solidarity Engineering works to improve the public health of communities in crisis.

THE NUMBERS

IN EMERGENCIES, INFRASTRUCTURE AND THE PROVISION OF CONSUMABLES ARE CRITICAL TO SURVIVAL.

Here's a partial summary of what we provided in FY 2023:

EMERGENCY CONSUMABLES :

INFRASTRUCTURE :

OPPORTUNITIES TO SUPPORT SOLIDARITY ENGINEERING

IN A WORLD WHERE GLOBAL CHALLENGES DEMAND COLLECTIVE ACTION, COLLABORATION BETWEEN BUSINESSES AND DIRECT SERVICE ORGANIZATIONS IS A POWERFUL FORCE FOR POSITIVE CHANGE.

1 CORPORATE GIFTS

Instantly and directly amplify Solidarity's impact.

2 EMPLOYEE MATCHING GIFTS

Match your employees' donations to double the impact.

3 CLIENT GIFT DONATIONS

Say thank you to your clients for their partnership by giving the gift of water.

4 IN-KIND DONATIONS

From diapers to technology, in-kind donations fulfill immediate needs and allow us to allocate funds strategically for a more widespread and sustained impact.

5 PERCENTAGE OF SALES

Donate a percentage of sales for a fixed timeframe or a specific product.

THE IMPACT

WHEN RESOURCES ARE LIMITED, THE BEST MEDICINE IS ALWAYS PREVENTION. HERE'S WHY OUR WORK IS SO IMPORTANT:

- 1** WATER, SANITATION AND HYGIENE (WASH)-RELATED DISEASE IS THE LEADING CAUSE OF DEATH FOR DISPLACED CHILDREN. THESE DISEASES ARE PREVENTABLE.
- 2** IN CONFLICT AREAS, CHILDREN UNDER 5 ARE 20 TIMES MORE LIKELY TO DIE FROM DIARRHEAL DISEASE THAN FROM THE CONFLICT ITSELF.
- 3** CLIMATE CHANGE IS BOTH A DRIVER OF FORCED DISPLACEMENT AND MAKES THE LIVES OF DISPLACED PEOPLE MORE DIFFICULT. AS CONDITIONS WORSEN IN HOME COUNTRIES AND DISPLACED COMMUNITIES, GLOBAL HUMANITARIAN NEEDS WILL CONTINUE TO INCREASE.
- 4** BY TREATING THE CAUSES OF DISEASE, RATHER THAN THE DISEASE ITSELF, WE BUILD SYSTEMS THAT PROTECT HEALTH.

In the world of humanitarian aid, constant change is a guarantee. With certainty, we know that our services in Northern Mexico currently reach up to 10,000 people directly each month.

Although it's impossible to measure how much suffering is prevented, or how many lives are saved, our data indicates that Solidarity is making significant impacts to protect the health of displaced populations in Northern Mexico.

CORPORATE GIFT LEVELS

OUR RELATIONSHIPS WITH CORPORATIONS ARE BUILT ON MUTUAL RESPECT AND A DEDICATION TO CLIMATE EQUITY AND OUR ENVIRONMENT.

	\$500	\$1K	\$2.5K	\$5K	\$10K	\$50K
